The following is a list of amendments to the current County of Barrhead Land Use Bylaw. This page is provided for information only and is not approved as part of the bylaw.

BYLAW	THIRD READING DATE	DESCRIPTION

GUIDE TO USING THE LAND USE BYLAW

The County of Barrhead Land Use Bylaw establishes the regulations on how land can be developed (i.e., how land can be used, and how buildings can be constructed or moved) in the County. Regulations vary depending on the location, type, and density/intensity of the development proposed. Other bylaws, policies, and regulations of the County must also be followed, as well as all applicable acts, laws, and regulations of the Provincial and Federal governments.

There are several parts of the Land Use Bylaw that need to be reviewed together to understand how the Land Use Bylaw affects the use and development of lands within the County.

The following steps may assist in the review of the Land Use Bylaw by a prospective development or subdivision proponent:

LOCATE

1

Locate the subject property on the [Land Use District Map\(s\)](#). These maps divide the County into various Land Use Districts. Each Land Use District has a designation such as “AG” for AGRICULTURAL or “CR” for COUNTRY RESIDENTIAL.

CHECK

2

Check the [Table of Contents](#) and locate the Land Use District you are interested in. Each Land Use District is listed in [Section 11 – Land Use Districts](#). In each Land Use District, you will find a list of permitted and discretionary uses, subdivision and development regulations, and regulations for specific types of development.

These districts identify what can be developed in any given Land Use District. Definitions provided in [Section 3.2 – Definitions](#), should also be consulted to ensure that words and terms used in the Land Use Bylaw are understood.

REVIEW

3

Review the [Table of Contents](#) to see if there are any regulations that apply to your inquiry.

For example, Section 8 describes the enforcement procedure, Section 9.2 contains regulations about Accessory Buildings and Section 10.17 contains regulations about Home Occupations.

DISCUSS

4

Discuss your proposal or concerns with County Planning & Development staff. County staff members are well trained and able to assist you with your development/subdivision or general inquiries and to explain procedures. They can also assist with other situations such as enforcement or a Land Use Bylaw amendment.

Please note that this page is intended to assist the reader of the Land Use Bylaw and does not form part of the approved bylaw.

County may require of the applicant a letter of undertaking and the posting of a security to ensure conversion of the “temporary residence” into an accessory building.

9.2.2 Notwithstanding the definition of an accessory building as prescribed in this Bylaw, accessory buildings (in the form of a garage or shed only) may be permitted on a discretionary basis on a vacant residential parcel prior to the establishment of the principal residence. Development Authority shall not approve a development permit for an accessory building in this instance unless it is satisfied that the accessory building is designed, sited,

constructed, finished, and sided in a manner that is visually compatible and harmonious with the residential character of the surrounding parcels and the neighborhood in general.

- 9.2.3 Where a structure is attached to the principal building on a site by a roof, an open or enclosed structure, a floor, or a foundation it is to be considered a part of the principal building and shall not be considered as an accessory building.
- 9.2.4 Notwithstanding any other part of this Bylaw, the sitting of an accessory building on an irregularly shaped parcel shall be at the discretion of the Development Officer or Municipal Planning Commission.

9.3 CORNER & DOUBLE FRONTING SITES

- 9.3.1 In all Land Use Districts, a site abutting onto 2 streets or more shall have a front yard setback on each street in accordance with the front yard regulation of this Bylaw.
- 9.3.2 In all cases, the location of buildings on corner sites shall be subject to the approval of the Development Officer or Municipal Planning Commission who may, at their discretion, relax one front yard setback requirements taking into account the alignment, location, and orientation of existing adjacent buildings or the permitted setback on adjacent sites where a building does not exist.
- 9.3.3 No structure shall be placed on a corner lot in such a manner that the line of sight at the intersection of the abutting streets would result in a traffic hazard. All structures more than 1.0 m (3.3 ft) in height shall be no closer than 6.1 m (20.0 ft) from the point where the streets intersect.

9.4 DESIGN CHARACTER & APPEARANCE OF BUILDINGS & STRUCTURES
